Full Time-Working Rights

Creative UI/UX Designer with practical experience in designing intuitive, user-focused web and mobile interfaces using Figma, Canva, and Adobe Suite. With a background in sociology and roles at FutureCodes, Easy Software, and Prisma Soft, I bring strong user empathy, design thinking, and cross-functional collaboration. My sales experience at AirArabia GSA further enhances my communication and problem-solving skills, driving customer-centered design solutions.

## Skills

- Web Design
- Design Thinking
- Wireframe Creation
- Teamwork
- Time Management
- Problem-Solving
- Leadership
- Effective Communication

## Training

UI/UX Training - Mind Risers Consortium / 2024

- Designed wireframes and interactive prototypes using Figma.
- Applied principles of color theory, typography, and layout for user-friendly interfaces.
- Implemented mobile-first and responsive web design best practices, ensuring seamless cross-platform experiences.
- Presented design concepts and prototypes to the institution.
- Designed mockups ensuring a seamless experience across various devices and screen sizes.
- Familiar with Adobe Photoshop and Illustrator.
- Gained knowledge of HTML, CSS, and JavaScript.

## Work Experience

**UI/UX Designer**, Dec 1<sup>st</sup> 2024 – Jul 3<sup>rd</sup> 2025

FutureCodes - Kathmandu, Nepal

- Designed and improved user-friendly interfaces for web applications using Figma.
- Collaborated closely with developers and product managers to ensure design feasibility and smooth implementation.
- Created low- and high-fidelity wireframes, interactive prototypes, and design systems.
- Maintained visual consistency across products by following a unified design system.
- Created posters and marketing materials for various client companies using Canva, enhancing brand identity and digital presence.
- Supported the marketing team with visuals for social media and promotional campaigns.
- Participated in sprint planning and design reviews to align with agile workflows and project goals.
- Assisted in developing icon sets and reusable design components to enhance design team efficiency.
- Conducted basic user research to gather insights for design decisions and improve customer satisfaction.

**UI/UX Designer (Paid Internship)**, Aug 1<sup>st</sup> 2024 – Nov 31<sup>st</sup> 2024

Easy Software - Kalimati, Kathmandu

- Presented design concepts that drive engagement and user's satisfaction.
- Led usability testing sessions to gather and analyze user feedback, iterating on designs based on findings.
- Created wireframes, mockups, and interactive prototypes using Figma, focusing on web platforms.
- Applied design systems and UI guidelines to maintain consistency across platform.

- Analyze clients' requirements regarding information security and evaluate their accuracy. Follow up the actions needed to comply with those requirements.
- Designed user flows and journey maps to visualize interactions and optimize experience.
- Contributed to accessibility improvements by applying WCAG standards in design decisions.
- Conducted competitive analysis to inform design strategy and improve product usability.

**UI/UX Internship**, Jun. 2018 – Dec 2021

Prisma Soft- Baneshwor, Kathmandu

- Designed wireframes, mockups, and interactive prototypes.
- Collaborated with developers and stakeholders to ensure seamless UI/UX integration.
- Applied best practices to enhance usability and aesthetics.
- Demonstrated strong passion for user-centered design.

**Sales Executive**, Dec. 2016 – Jun. 2018

AirArabia GSA - Hattisar, Kathmandu

- Conducted daily visits to travel agencies to gather market updates and enhance sales efforts.
- Resolved customer issues and escalated complex problems to related departments.
- Assisted clients with air ticket modifications, issuance, and fare comparisons.
- Maintained daily flight statistic reports and prepared reports in Salesforce.
- Collaborated with the reservation team to develop promotions, increasing bookings and revenue.

**Internship**, - FEB 2020 - AUG 2020

Anweshan PVT.LTD - Satdobato, Lalitpur

- Conducted focus group discussions, in-depth interviews, and research activities.
- Researched and wrote literature reviews, and prepared comprehensive reports.
- Transcribed and translated interview recordings.
- Authored and uploaded news articles and blogs to the company's website.
